Moving Picture Exhibit.

The well selected, clear and lifelike pictures that formed the cinematograph moving picture show given by Comi Brothers in Blanchard opera house on Wednesday evening pleased the fair sized audience that witnessed the exhibition. The pictures shown were varied in their nature, several witty views being scattered through the program of more serious scenes. Among the most thrilling or beautiful of the panoramas were the "Blot in St. Petersburg," "Fairy of Spring" and "Living Flowers." For comics "Help the Blind" and "Dog Lost" were side splitters. All in all the entertainment was one of the best of its kind that has ever been seen in the city.—Montpelier Journal.

At the Pavilion hall Friday evening of this week.

Does Your Hot Water Bottle Leak?

You never can tell when a Hot Water Bottle is going to make trouble by springing a leak. Hot Water Bottles are apt to give all sorts of trouble unless they are good, and it's hard to tell the difference between pure rubber and poor rubber in a Hot Water Bottle when it's new.

The THERAPEUTIC VALUE of a Hot Water Bottle is well known. The application of heat by this means quickly allays pain, reduces inflammation and combats disease in many ways. A Hot Water Bottle is needed by every family—that is a good one—we sell good ones.
